### **DETAILED ACTION**

1. According to paper filed on May 19, 2006, the applicants have canceled claims 14, 17 and 18.
2. Claims 1 and 2 are now pending in the application.

### ***Response to Arguments***

3. Applicant's arguments filed on May 19, 2006 have been fully considered but they are not persuasive regarding statutory double patenting. The examiner does not agree with the applicants arguments that the scope of instant claims is different than the scope of claims 1 and 2 of the cited patent. The instant claims as well as the claims of the cited patent are identical and directed to magnesium salt of S-omeprazole trihydrate. The applicants have not provided any evidence to show that the peaks in X-ray diffractogram of instant claims are different than those of the peaks of the cited patent.

### ***Conclusion***

4. Rejection of claims 1 and 2 under 35 U.S.C. 101 is maintained for the reasons of record.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
